

# ultra lightpanel

## Description

Designed and manufactured in the UK, our LED Lightpanel Ultra combines the latest LED technology and our unique engraving patterns, producing bright even illumination across the entire panel.

Our Ultra panels are available in a range of colour temperatures. Driven by a 24 volt system we also manufacture RGB panels which can either have simple dimmers or programmable DMX controllers to drive and sequence the panels.

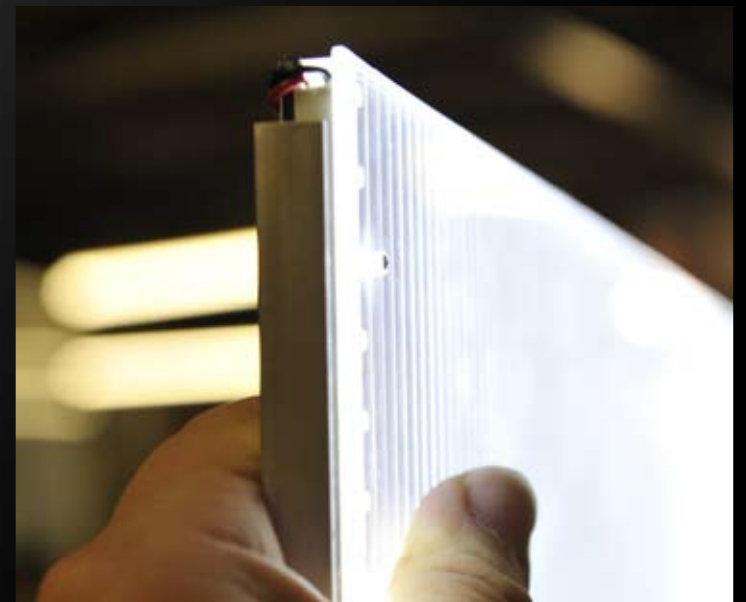

With a maximum size of 3m x 2m suitable applications include; decorative glass light walls, architectural lighting, ultra bright and larger light boxes or interior design such as lit reception desks, the possibilities are endless.

## Luminaire Data

Luminaire Ref. NES Ultra Light Panel

## Lamp Data

Lamp type:	LED Rigid Strip
Lamp Reference:	Epistar
Manufacturer:	Epistar
Lamp Base:	LED
Lamp Life:	50,000 Hours
Colour Temp.	3800K/4370K/6500K/RGB
Voltage:	24 volt DC
Driver Type:	Meanwell (230/240v input 24v output)

## Control Systems Available

DMX 512  
Dali  
0-10 volt control via integrated systems
